The Chicago Daily Tribune.

VOLUME XLV. TUESDAY, JULY 7, 1885—TEN PAGES. PRICE FIVE CENTS.

STATEMENT.

The undersigned, a Committee of Directors of the Equitable Life Assurance Society of the United States, appointed to formulate the views of the Board on the advantages offered by the Society to the public, report:

1st. The Society issues all the approved forms of assurance, including Ordinary Life, Endowment, and Tontine policies. It is immaterial to the Directors which form of policy is taken by intending assurers.

2d. The Life and Endowment forms of policy provide for annual cash dividends and a surrender value; are indisputable after three years, and payable immediately after proof of death.

3d. The premiums on a Tontine policy are the same as on the Ordinary Life, but while the latter is only payable in the event of death the holder of the Tontine policy has the right to draw the whole of the reserve and the accumulated profits in cash at the end of a stated period; thus, during his own life time, after his producing years are past, he can without any larger premium than on an ordinary policy secure these GREATER advantages.

4th. Experience shows that the return paid in cash on maturing Tontine policies approximates to or exceeds the amount of premiums paid by policyholders, so that the average cost of the assurance will be only about the interest on the premiums.

5th. Tontine policies, like others, are paid in full in the event of death at any time during the term of the policy, and are incontestable after three years, and payable immediately after due proof of death.

6th. Experience shows that the mortality is lower among Tontine policyholders, as the better lives seek this kind of assurance, which is a considerable source of profit.

7th. Tontine policies will be made non-forfeitable under the laws of the State, if so desired, at the time the assurance is effected.

8th. The Tontine system is fair and just; its accounts are accurately kept, separate from all other business; the funds judiciously invested and improved, and the accumulated profits faithfully guarded and properly apportioned.

9th. The Society has since its organization transacted a larger amount of new business than any other company, while its new business for the first half of the present year is $7,720,000 LARGER than that of the first half of 1884. It has Assets of $60,000,000; over $14,000,000 of Surplus, and its ratio of Surplus to Liability is greater than that of any other company.

WASHINGTON, D. C., July 6.—(Special.)—Commissioner Black has nearly completed the selection of Boards of Medical Examiners for the State of Illinois. The only boards not yet settled are those in Kankakee, Bloomington, and Galesburg. At Peoria, Streator, Paris, Mount Vernon, Urbana, and Sandwich the boards will remain unchanged. The new boards in Chicago, Springfield, and Metropolis have recently been published. The request for the establishment of the board at Spring in Decatur, the board at East St. Louis, Randolph County, to be abolished, and the request for a new board at Belleville in Seward. The other boards are as follows, as far as finally determined upon:

CLEVELAND, O., July 6.—(Special.)—Some other incendiary acts occurred here today which are thought to have been committed for the purpose of a call to the officers of the corporation on Superior street. It was a long, hot, and tiring course of this sort, from Superior to Huntington and back, and the array of firemen did not reach the Huntington end early. A large number of the men in the line of procession were provided with long cords, which they utilized as marking points. The committee appointed Sunday morning and which, with the presence of President William Chisholm, was asked now to continue the fight of three years ago and give there and several more months instead of seven months, as at present, also to provide that not more should be discharged on account of the part he had taken in the strike.

The regular football game to be held July 4, 1896, will be adjourned to be held on Saturday, October 3, 1896, under the same conditions." said Mr. Chisholm. "I anticipate at full the degree that crowd will number 5,000 people. The gate money will be used for the benefit of the Knights of Labor, and the proceeds will be used for the benefit of the Knights of Labor." [illegible]
